|  | You are covering an entire term in 3 wks—not easy; equivalent to taking 18 credits in a fall or spring term! | <b>Online classes have a much higher failure rate. I highly recommended that you NOT take a mini term online unless you have already taken and succeeded at an online course during a fall, spring, or long summer term so that you are very familiar with how D2L and online courses work.</b>   |
| 3  | <b>ESTIMATED amount for students receiving 100% Post 9/11 GI BILL® benefits</b>                              | <b>MOST MINI COURSES ARE TOTALLY ONLINE DISTANCE COURSES SO YOU ARE ONLY PAID HALF THE NATIONAL BAH</b> for online courses. That would be approximately \$28.01 per number of calendar days in the term. Example: IF the term is 19 days long = \$532.00 for a mini-mester done online based on half the national average of 871.00 for 21-22 yr. |
