

Healthcare Program Application

Certified Nurse Aide Program – must be complete and approved to register for the program.

Medical Assistant/Phlebotomy/EKG Programs – must be complete and approved to register for clinical.

SUBMIT THIS APPLICATION 10 DAYS PRIOR TO THE END OF YOUR LECTURE COURSE AND REGISTER FOR CLINICAL BY THE LAST DAY OF LECTURE COURSE.

IMPORTANT: The HEP B series of three immunizations requires six months to complete. If you have not completed the entire series by the registration deadline, you will not be able to register for the course (see above). It is YOUR responsibility to meet all program requirements prior to the registration deadline. These requirements are mandated by the Texas Department of State Health Services (DSHS), program accreditation agencies, and/or the healthcare facility at which you will complete the clinical rotation. **Brazosport College cannot make an exception to any of these requirements.**

TO REGISTER WILL NEED:

- application & back up documentation
- Texas driver's license
- tuition payment (cash, check, cc)

Bring to the Community Education Office, 500 College Drive, B100, Lake Jackson by the registration deadline.

If you have not already done so, you will be asked to fill out a Healthcare Program Background Check form. If you have reason to believe it will be unacceptable, please speak to the program coordinator at least 30-45 days prior to the registration deadline. In certain situations it is necessary to obtain written approval from the State of Texas before we can allow you to register. This process can take 30 days or more. Once registered, if any issues are found in your background, you will be contacted by the program coordinator and the appropriate steps will be taken depending on the situation.

Check the program you are applying for:

Certified Nurse Aide

Date

Immunization Sites

If you have a primary care physician, immunizations should be obtained from that office, sometimes with insurance covering the cost.

Vaccination records may sometimes be obtained from your school district within 5 years of graduation. Older records may not be available.

A serum titer (blood test that shows your blood contains antibodies) must be obtained from a physician. It can sometimes be more cost effective to re-vaccinate if your physician/clinic agrees to it.

The following sites are provided for students who do not have insurance or a primary care physician as a sample of places to obtain required immunizations. It is only a sample list, and may not contain current information. It is ultimately your responsibility to find a location and complete all required immunizations by the registration deadline.
