

PROTECTIVE EYE
DEVICES

Industrial quality eye protection devices shall be worn by every employee and student participating in any of the following activities or courses:

1. Activities involving experience with:
 - a. Hot molten metals.
 - b. Milling, sawing, turning, shaping, cutting, or stamping of any solid materials.
 - c. Heat treatment, tempering, or kiln firing of any metal or other materials.
 - d. Gas or electric arc welding.
 - e. Caustic or explosive materials.
2. Chemical or combined chemical-physical laboratories or shops involving caustic or explosive chemicals or hot liquids or solids.

Industrial quality eye protection devices means devices meeting the ANSI Standard Z87.1.
