

DISTRIBUTION
OR DISPLAY OF
MATERIALS ON
CAMPUS

All announcements, posters, and literature placed or distributed on the college campus must be approved by the associate dean of students. The associate dean will stamp “approved” on posters before they are displayed. Individuals, organizations, and representatives of outside agencies must follow these guidelines:

1. Approved and affiliated clubs/organizations of the college shall display posters/announcements on bulletin boards provided in the hallway on the east side of the snackbar and the outside wall of the student activities room, and the bulletin board within the Swamp.
2. School sponsored organizations and academic departments may use the bulletin boards in the same areas noted for approved and affiliated clubs, and to a limited degree, may post announcements in the student center and lounge areas.
3. Literature and announcements can be distributed to students and staff, but distribution will be restricted to hall areas immediately adjacent to the entrance to the student center. The college reserves the right to limit the number of times an organization or person may distribute material during the course of a year.

The college does not permit outside agencies to advertise or sell items on the campus. Any person or agencies desiring to do so should be referred to the associate dean of students.
